The former text:

11.2. The works are not divided into lots. Tenders must be for all the quantities indicated.

11.2. The tenderer may submit a tender for one lot or for both of the lots.

11.2.1. Each lot will form a separate contract and the quantities indicated for different lots will be indivisible. The tenderer must offer the entire quantity or quantities indicated for each lot. Under no circumstances will tenders for part of the quantities required be taken into consideration.

11.2.2. A tenderer may include in its tender the overall discount it would grant in the event of some or all of the lots for which it has submitted a tender being awarded to it. The discount should be clearly indicated in such a way that it can be announced at the public tender opening session.

11.2.3. Contracts will be awarded lot by lot, but the contracting authority must choose the most favourable overall solution taking account of the discounts offered.

All other terms and conditions of the Instruction to tenderers remain unchanged.
