

CORRIGENDUM No.1 , December 18th 2018.

Contract title: **Construction works for New (Unfinished) Hospital building - Phase II in Pozarevac**

Publication Ref: **RORS193-LB-TD6**

The following alterations and/or corrections are made:

(1) to the article 13. in Contract Notice

The former text:

A mandatory information meeting and site visit will be held on 19.12.2018. at 11:00am local time.

In order to attend the information meeting and Site Visit, each representative needs to have written authorization by the company he/she represents. Attendance shall be confirmed in advance, at least 2 days before the site visit date, to the following email address: pravnaslobp@gmail.com. If potential tenderers have some questions regarding information meeting/site visit they can contact Contracting Authority representative through email: pravnaslobp@gmail.com in line with the point 18 of the Procurement Notice. Each tenderer will be issued with certificate as proof of their site visit in their tender which will be necessary to be submitted with tender offer. Shall potential tenderers plan to establish a consortium, it is mandatory that a representative of each consortium partner participates at the site visit individually, as to be proven by the above-mentioned certificate.

Shall read as new text:

A mandatory information meeting and site visit will be held on 19.12.2018. and 26.12.2018. at 11:00am local time. Because transparency of tender procedure no further Site Visits will be allowed.

In order to attend the information meeting and Site Visit, each representative needs to have written authorization by the company he/she represents. Attendance shall be confirmed in advance, at least 2 days before the site visit date, to the following email address: pravnaslobp@gmail.com. If potential tenderers have some questions regarding information meeting/site visit they can contact Contracting Authority representative through email: pravnaslobp@gmail.com in line with the point 18 of the Procurement Notice. Each tenderer will be issued with certificate as proof of their site visit in their tender which will be necessary to be submitted with tender offer. Shall potential tenderers plan to establish a consortium, it is mandatory that a representative of each consortium partner participates at the site visit individually, as to be proven by the above-mentioned certificate.

All other terms and conditions of the WORKS CONTRACT NOTICE remain unchanged.

(3) to the article 12. in Instructions to tenderers

The former text:

12.1 All tenders must comprise the following information and duly completed documents:

12.1.9 Information about the tenderer's technical qualifications. This information must follow the forms in Volume 1, Section 4 of the tender documents and include:

- a presentation of the tenderer's organisation, including the total number of staff employed (Form 4.6.1.1),
- a list of the staff proposed for execution of the contract, with the CVs of key staff (Forms 4.6.1.2 and 4.6.1.3),
- a list of plant for execution of the contract. The descriptions must demonstrate the tenderer's ability to complete the works and should include amongst others, the following elements:
 - One combined backhoe loader machine
 - One truck tipper, load capacity minimum 10t
 - One delivery vehicle
 - Pneumatic drill for cracking concrete and asphalt pavement with autonomous compressor on trailer
 - scaffolding, minimum 500 m2
 - Concrete mixing and placing plant
 - Lifting equipment

The tenderer must indicate whether this equipment is owned, hired or used by a subcontractor. Manufacturer's documents fully describing the equipment must be submitted with the tender (Form 4.6.2);

- a list of materials and any supplies intended for use in the works, stating their origin;
- a work plan with brief descriptions of the main tasks (Form 4.6.3), showing the sequence and proposed timetable for implementing the tasks. In particular, the proposal must detail the temporary and permanent works to be constructed. The tenderer must take account of weather conditions and the requirement to prepare designs and obtain building permits prior to carrying out construction works. The tenderer must also submit a comprehensive method statement, with drawings if necessary, showing the methods by which it proposes to carry out the works. In particular, the tenderer must indicate the numbers, types and capacities of the plant and staff it proposes to use on the main areas of work;
- a critical milestone bar chart showing times and duties allocated for employees for this contract (Form 4.6.3);
- data on subcontractors and the percentage of works to be subcontracted (Form 4.6.3);
- evidence of relevant experience in carrying out works of a similar nature, including the nature and value of the contracts, works in hand and contractually committed (Form 4.6.4). The evidence must include successful experience as the prime contractor in construction of at least 3 projects of the same nature and complexity comparable to the works concerned by the tender during the last 5 (five) years;
- information regarding the proposed main site office (Form 4.6.3);
- an outline of the quality assurance system(s) to be used (Form 4.6.7).
- if applicable, information on tenderers involved in a joint venture/consortium (Form 4.6.5);
- details of their litigation history over the last 5 (five) years (Form 4.6.6);
- details of the accommodation and facilities to be provided for the Supervisor (Form 4.6.8);
- any other information (Form 4.6.9).
- Site visit certificate (Form 4.6.10).
- Modifications (if any) (Form 4.6.11)
